

Troop 395 Scout Leadership Commitment Agreement

The time-tested philosophy of Troop 395 and the Boy Scouts of America is for the troop to be led by its scouts. Although the troop's adult leadership facilitates the troop's programs, provides support and direction, and ensures advancement of the scouts, the young men in Troop 395 are its leadership. Therefore, when scouts are elected to leadership positions, it is important that they show commitment and dedication in carrying out the responsibilities to which they have been elected.

Troop 395's Senior Patrol Leader and Patrol Leaders are elected twice a year. As such, each leadership position is held for approximately six-month terms. Upon the election of a new Senior Patrol Leader (SPL), the newly elected SPL meets with Troop 395's Scoutmaster to discuss other troop leadership positions (i.e., Assistant Senior Patrol Leader (ASPL), Quartermaster, Scribe, Instructors, etc.). The new Senior Patrol Leader appoints all troop leadership positions that are not patrol-specific. Upon the election of the new Patrol Leaders, each Patrol Leader will appoint his Assistant Patrol Leader.

While in a leadership position, scouts have the opportunity to experience and learn leadership skills in a controlled environment. One thing they will quickly learn is that they must be responsible individuals in order to be effective leaders. Although the troop's adult leadership will assist scouts in their leadership roles, parents will play a large role in this support as well by seeing that their scout regularly attends troop meetings and troop activities.

By signing this agreement, the scout and their parent are acknowledging the general expectations of the troop with regard to the scout's commitment to a leadership position. **Scouts considering nomination for Senior Patrol Leader must sign this agreement prior to troop elections.** Scouts newly elected or appointed to other troop leadership positions must sign this agreement within one week of their election or appointment.

(See back of this page for leadership responsibilities and then sign.)
